CHANGES
MUST Be Approved Prior
To Performing Work

Kitsap County
Department of Community Development

To whom it may concern,

This letter shall serve as authorization for Cottages on the Ridge LLC to use the documents for Building Types 'X', 'Y' and 'Z' as executed by Steel Architects PLLC for the development at 12000 Ridgetop Blvd. NW, Silverdale, WA 98383.

Building Type 'X' is a design for a single-family residence. A mirrored derivative of the design may also be constructed. Building Type 'Y' is a design for a duplex residential building. Alternates 'A' and 'B' may be applied to building Type 'Y' which allow for the buildings to step (or terrace) with sloping grade. Building Type 'Z' is a design for a duplex residential building. No mirroring or alternates of this design are required by the applicant.

Please don't hesitate to contact me if you have any questions or concerns.

Thanks,

James Steel AIA
Steel Architects PLLC
