To whom it may concern,

Rueppell, Inc. has prepared the Architectural plans for the single family dwellings as listed above for permit application in the Pebble Creek development in Port Orchard, WA. We understand that Pebble Creek, LLC intends to apply for multiple building permits within this development using those specific plan sets listed above. They have my permission to re-use my designs for this purpose. The design parameters are appropriate for use on this site, subject to individual Site Plans for each lot to confirm horizontal and vertical placements. (The Site Plans will be submitted on a lot by lot basis at a later date.) Thank you for your attention to this matter - and please call me if you have any questions.
