

Albertsons Store 0186, Kingston, WA, Remodel/Re-Banner to Safeway. - Permit Application

August 4, 2020

Proposed Project

The proposed project involves minor site work, new roof top condensing units, a new window in the south facing wall, and interior work.

The exterior work will include pressure washing and painting the store exterior, restriping the store portion of the parking area, adding bark dust to the existing landscape areas, and a window in the new Starbucks area.

The interior work will include removing and relocating the existing customer service and cash office to make way for the relocation of the existing Starbucks kiosk and seating area. Fixtures will be removed, relocated, and installed new in the bakery, floral, produce, liquor, deli, meat, pharmacy, Starbucks, general sales, and checkstand areas. The flooring in the main sales area will be replaced, and prep area flooring will be repaired. Ceilings will be cleaned and replaced as needed. The restrooms will get new finishes, plumbing fixtures, partitions, and lighting.
